Be Connected

Many offices desire collaboration and staying connected. Lower panels with added glass allow for connectivity to each other and natural light. From call center activity, impromptu dialogues, private conversations and the open environment, Prefix provides just the right amount of privacy. Connect stackers to your panels, choose your favorite worksurface and add some personal storage to create an efficient and attractive aesthetic that can accommodate all your privacy needs.

Prefix: White Paint | Sheer Mesh Laminate | Panels: Cornsilk | Landscape Adept: Gecko | Inertia

Blended Design

When your office calls for open work stations, Prefix is a versatile panel solution with design in mind. Choose from a variety of monolithic panel heights that blend well with our storage and desking systems.

Creativity

With our variety of colors, textures, heights and surface options, Prefix allows you to design a work environment that matches your culture and climate.
